RMC DIVISION

WAGAD RMC is built up under the umbrella of Wagad Infraprojects Pvt. Ltd. specializing in Ready Mix Concrete. We operate six fully automated Ready Mix Concrete plant that caters to surrounding infrastructure development projects. Wagad Ready Mixed Concrete is used in construction projects where the construction site is unable to mix concrete on site. Using Wagad Ready Mixed Concrete means the product is delivered finished, on demand, in the specific quantity required, in the specific mix design required.

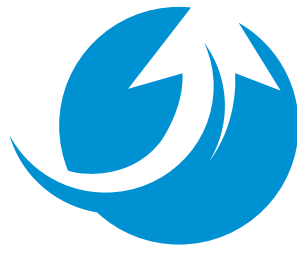

Wagad Ready Mixed Concrete is widely used as a replacement for other materials considering the cost and multiple applications in building, particularly in large-scale projects like multi-story buildings and bridge construction."

MINING DIVISION

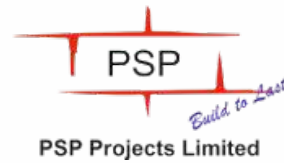

Located in the mineral-rich state of Kerala and Rajsthan, Wagad's Mining Division is the backbone of our material supply operations. With expansive quarry sites, advanced crushing systems, and a commitment to sustainable practices, **we extract and process premium-grade aggregates and stone blocks used in infrastructure and construction.**

Our mining operations are not just resource-focused but are driven by efficiency, environmental care, and industry-grade safety protocols.

From roads to real estate, our raw strength fuels projects across sectors - ensuring quality begins at the source.
